

# ABOUT COCHRANE

Cochrane is an international network with headquarters in the UK, a registered not-for-profit organization, and a member of the UK National Council for Voluntary Organizations.

Cochrane is for anyone interested in using high-quality information to make health decisions. Whether you are a clinician, patient or carer, researcher, or policy-maker, Cochrane evidence provides a powerful tool to enhance your healthcare knowledge and decision-making.

Cochrane's members and supporters come from more than 220 countries, worldwide. We are researchers, health professionals, patients, carers, and people passionate about improving health outcomes for everyone, everywhere. Our global independent network gathers and summarizes the best evidence from research to help you make informed choices about treatment and we have been doing this for 28 years.

Cochrane do not accept commercial or conflicted funding. It generates authoritative and reliable information, working freely, unconstrained by commercial and financial interests.
